

# LAE Association Marina Policy and Regulations - Revised 2023

- Use of the LAE Association dock space is intended for LAE members who do not have lake/river property.
- Members who had a dock space the previous year will receive first priority to their same dock space.
- All docks are seasonal, Members must email the Marina Chairperson (see LAE website, "Member Info"/"Officers & Directors") to renew your dock each year on or before April 1st each year.
- All requests for dock space will be checked by the Secretary/Treasurer to verify applicant is in good standing regarding the payment of their dues and maintenance fees. If dues and maintenance fees are not paid by the deadline of December 31st of the fiscal year, the application will be denied and the dock space will be given to the first eligible person on the waiting list (wait list is posted on LAE website).
- All boats with an assigned dock space must be at their respective dock by July 1st, unless you have notified the Marina Chairperson that you will be late in putting your boat at the dock due to repairs or other circumstances. The dock space will then be assigned to the next eligible person on the waiting list.
- All docks shall not exceed 4 feet wide x 12 feet long in size, unless a written design request is approved by Marina Chairperson. All docks must be maintained in assigned space and above water throughout the season.
- All docks must be securely anchored to land to ensure when the water is unusually high these docks do not float out of position and potentially cause damage to adjacent boats.
- If you would like to be added to the dock space waiting list, please send an email to the LAE Association Secretary listed on the LAE Association website, under "Contact" section. Requests will be handled on a first come, first serve basis.
- A ski craft (one or two person jet ski) by NH State Law, RSA-270.74-a, is banned from Lake Ashuelot Pond.
- A personal watercraft (three or more people) is legal to operate on Lake Ashuelot and is eligible to have a dock space.
- No overnight parking of boat trailers is allowed at the Marina area.
