

Marina Notice

All boats (**canoes, kayaks, paddle boats**) are to be stored on the racks, and not on the ground.

Rack space is available on a first come, first served basis.

If there is no rack space available please take your boat home with you when you are finished boating.

The reason for this is it is extremely difficult for the lawn maintenance contractor to mow the grass when boats are on the ground. The boats on the ground block access for emergency vehicles to get to the helicopter landing area at the end of the peninsula. On June 4th, there were 17 boats on the ground or squeezed in between the racks.

Boats that are left on the ground are subject to being moved to another location.
